

Your Progress Tracker

This is your roadmap for the Bionic Options Trader course. It lays out every major milestone in order, from reading the intro guide to promoting your first bot to a live trade, so you always know what to tackle next and what you've already knocked out.

Click the button below to open it, then hit **File** → **Make a copy** (or **File** → **Download**) to save your own version. Check off each box as you go.
